Accountant's report of factual findings
to the landlord of George Leybourne House

You have stated that an audit of the service charge accounts in accordance with International Standards on Auditing is not required under the terms of the lease for George Leybourne House, Fletcher Street, London E1.

In accordance with our engagement letter dated 20 March 2017, we have performed the procedures agreed with you and enumerated below with respect to the service charge accounts set out on pages 2 to 5 in respect of George Leybourne House, London E1 for the year ended 31 December 2019 in order to provide a report of factual findings about the service charge accounts you have issued.

This report is made to the landlord for issue with the service charge accounts in accordance with the terms of our engagement. Our work has been undertaken to enable us to make this report to the Landlord and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Landlord for our work for this report.

Basis of report

Our work was carried out having regard to the guidance in Residential service charge accounts published jointly by the professional accountancy bodies with ARMA and RICS. In summary, the procedures we carried out with respect to the service charge accounts were:

- 1 We obtained the service charge accounts and checked whether the figures in the accounts were extracted correctly from the accounting records maintained by or on behalf of the landlord;
- 2 We checked, based on a sample, whether entries in the accounting records were supported by receipts, other documentation or evidence that we inspected; and
- 3 We checked whether the balance of service charge monies for this property shown on page 3 of the service charge accounts agreed or reconciled to the bank statements for the accounts in which the funds are held.

Because the above procedures do not constitute either an audit or a review made in accordance with International Standards on Auditing (UK and Ireland) or International Standards on Review Engagements, we do not express any assurance on the service charge accounts other than in making the factual statements set out below.

Had we performed additional procedures or had we performed an audit or review of the financial statements in accordance with International Standards on Auditing (UK and Ireland) or International Standards on Review Engagements, other matters might have come to our attention that would have been reported to you.

Report of factual findings:

- (a) With respect to item 1 we found the figures in the statement of account to have been extracted correctly from the accounting records.
- (b) With respect to item 2 we found that those entries in the accounting records that we checked were supported by receipts, other documentation or evidence that we inspected
- (c) With respect to item 3 we found that the balance of service charge monies shown on page 3 of the service charge accounts agrees or reconciles to the bank statement for the accounts in which the funds are held.

The General Reserve has been established to meet the cost of large, non regular repair and maintenance work. The present level of the fund may prove insufficient, given the substantial costs which could be incurred and the uncertainty as to when further such costs may arise.

Any shortfall in these funds resulting from expenditure incurred will be charged to the Income and Expenditure Account in that year.
